

To whom it may concern

November 12<sup>th</sup> 2009

Bridon has been delighted to work with Big Lift in a number of areas, particularly recently, in Angola and Libya.

In response to opportunities in both these emerging markets Big Lift 'grasped the nettle' and provided 'tailored' courses, which were much appreciated by the major Energy companies to whom they were presented.

The work was not easy from administration and logistics perspectives but this did not faze Big Lift and the plaudits uttered by the clients were justly earned and Bridon were separately thanked for making the link between Big Lift and the majors.

Yours truly,
